

Celebrating Our Authors!!!

“Literary Pavers” is a public art project offered to the community by Pocatello Arts Council (PAC). Literary excerpts and author identification have been inscribed into two foot square granite pavers and installed into the brick edging along the sidewalks of Old Town. The purpose of “Literary Pavers” is to recognize a broad range of literary forms and to publicly appreciate the vibrant and highly talented literary artists in our community. We are celebrating the successful installation of pavers showcasing the work of many excellent authors.

Where Are the Pavers?

Start at the intersection of Main and Center, and use the following guide to find the pavers.

- ◆ The project identification paver on the southeast corner of Main and Center.
- ◆ The work of **Steve Montgomery** at 232 West Center, in front of First National Bar.
